YBL now markets **AUSTRALIAN MADE Flavours
from *Perfume & Flavour Manufacturers***

YBL has today (15/07/09) entered into an arrangement to market Perfume & Flavour Manufacturers products targeting the food industry.

Perfume & Flavour Manufacturers is a Queensland based company that manufactures the finest quality flavours (perfumes & fragrances) at its Brisbane-based factory (Arana Hills)

See www.perfumemfrs.com

Perfume & Flavour Manufacturers has been in the industry for over a decade providing quality Australian made fragrances & flavours for local and international clients. Perfume & Flavour Manufacturers develops manufacturers and distributes a complete range of high quality fragrances, Flavours, raw materials and essential oils. They can also provide custom fragrance or flavour creation and analytical services relevant to the fragrance & Flavour industry. The ability to create custom fragrances & flavours to meet individual applications has enabled Perfume & Flavour Manufacturers to meet the demands of a constantly evolving industry. With a comprehensive product library of over 2000 fragrances & 100 flavours, *the only limitation is your imagination.*

All of the fragrances are manufactured with materials in compliance with the guidelines set down by the International Fragrance Association (IFRA). The factory is ISO 9001 and HACCP certified.

What we can do for you

- We will create a unique flavour or fragrance just for your product or we can match your current flavour or fragrance.
- We provide you with free research & development until you are completely satisfied.
- Our fragrances and flavours are made at the time you place an order, this gives you the benefit of the full shelf life.
- Our customers can order small, medium or large quantities, from 1kg to 800kg (or more).
- The time period between order to delivery is usually 1 to 3 days.
- We will meet or beat any competitors price on a comparable product.

How the process works

Our sales professional will consult with you and determine exactly what type of fragrance / flavour you need. Then the information will be relayed to our perfumer or flavourist . They will develop a variety of samples of the fragrance or flavour you requested. The samples will be sent to you for testing in your
